## Relationships and Services

### What Investment Services and Advice Can You Provide Me?

We offer investment advisory services to retail investors via our online portal at [www.wealthvenue.com](http://www.wealthvenue.com).

Asset Management Services: We provide asset management services through our WealthBuilder Portfolio Series available via our online portal. Access to our portfolios is offered on a discretionary basis in which we either manage your custodial accounts or provide portfolio recommendations. If you decide to manage your own portfolios, you may also sign up for buy and hold alerts and scoring guidance through our web application.

WealthBuilder Portable Portfolios: Our web application can construct your WealthBuilder Portfolios and let you manage WealthBuilder Portfolios on your own by using our webapp for buy and hold signals.

WealthVenue US MidCap 500 Value Advantage Portfolios: Our web application can give you access to a list of constituents of a proprietary portfolio constituted of 80-100 US listed securities that were screened to measure the expected top performing firms of the value segment of the US MidCap equity market.

When discretionary authority is granted via execution of our investment advisory agreement for our asset management services, we will have the limited authority to determine the type and number of securities to be purchased or sold for your portfolio without obtaining your consent for each transaction.

You may not place reasonable restrictions on the types of investments that may be purchased or sold in your account so long as the restrictions are explicitly set forth. We offer advice with respect to various products and types of investments.

For additional information, please see Items 4 and 7 of Part 2A.

- Given my financial situation, should I choose an investment advisory service? Why or why not?”
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?

## Fees, Costs, Conflicts, and Standard of Conduct

### What Fees Will I Pay?

For both our asset management services and investment advisory services, you will pay an annual fixed fee. We also charge a fixed fee for our buy and hold alerts and scoring guidance in our webapp.

We charge an asset-based fee which means that the more assets there are in the clients' advisory account, the more the client will pay in fees. As such, we may therefore have an incentive to encourage our clients to increase the assets in his or her accounts. You may pay additional fees including custodian fees, fees related to mutual funds, and other transactional fees.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For additional information regarding our fees and costs, please see Item 5 of Form ADV.

Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

### **What Are Your Legal Obligations To Me When Acting As My Investment Adviser? How Else Does Your Firm Make Money And What Conflicts Of Interest Do You Have?**

*When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.*

Our asset management fee structure gives us the incentive to encourage clients to increase their assets in their accounts.

How might your conflicts of interest affect me, and how will you address them?

For additional information, please see Items 5 and 10 of Part 2A.

### **How Do Your Financial Professionals Make Money?**
